PROFESSIONAL EXPERIENCE

PARAGON IT SOLUTIONS | Senior Web Developer
2021 – 2026

Technologies: Laravel, PHP, MySQL, Shopify API, NodeJS, JavaScript, WordPress

Developed custom web applications, automation systems, and business solutions for clients. Maintained and enhanced WordPress and Shopify websites.

caimandata.com – Built and maintained a Laravel-based platform managing over 4 million Amazon products.

iconmeals.com – Developed a custom Shopify API reporting system to automate order tracking and meal preparation planning.

UPWORK | Freelance Full Stack Developer
2013 – 2021

Delivered custom web applications, websites, e-commerce platforms, and automation solutions for clients worldwide.

Successfully completed **269 projects with a 100% 5-star** client satisfaction rating. Developed frontend and backend solutions using HTML, CSS, JavaScript, React.js, PHP, Node.js, MySQL, WordPress, and Shopify.

Built custom API integrations, business process automation tools, and database-driven applications. Managed projects from requirements gathering through deployment, maintenance, and technical support.

Collaborated with international clients across various industries to deliver scalable and high-performance solutions.
